## GREAT ONCE-A-YEAR ROSE SALE

WOULDN'T you like to have a yard full of just such fine Roses as pictured on this page? Our Great Once-A-Year Sale brings you the opportunity to have dozens of them at very small cost. Each year about June 1st, we bring in all our fine 2 and 3 year-old Roses, regardless of whether the regular selling price is \$1.00, or \$1.50 each, and put them all in one grand, big Clean-Up at bargain prices.

To make this an event of more than usual importance this year we have also arranged with other well known growers to ship us their surplus of high grade Monthly Roses, of the long, pointed bud types so popular for cutting. So you are sure of a large assortment of the best varieties, all of which sell regularly at not less than \$1.00 each, and up to \$1.50.

We advertised these Roses last year in June, and new and old customers alike were astonished at the values

they received. If you were here, we could show you letter after letter from these delighted customers who say, "Our Roses were in bloom in just a few weeks after planting," "Roses are wonderful. Would cost at least \$1.50 each here." "One of the Roses purchased in your sale now in bloom, measuring 5 inches across." "Roses purchased in your Clean-Up Sale were still in bloom in November," letter after letter of pleasure and delight in the wonderful plants secured for so small a sum.

This is your opportunity to add greatly to your Rose display at almost no cost. We begin shipping these plants about June 15th, and all orders are filled in rotation as received, so order **now**, and be sure of the choicest and largest assortment of fine varieties and a complete color range.

## GLADIOLUS BOTH NAMED and MIXED

### NAMED

Gladiolus rivals the Rose in beauty and popularity and perhaps surpasses it in variety of color. We have dozens of varieties ranging in color from the pure "Lily White" to the deep blood-red of "War." All the best improved types and all producing flowers that will make you "bite your tongue" to keep from boasting. To dispose of the remainder of this fine stock, we will mail you these beautiful Named Varieties (not labeled) at the exceptional price of 30 for \$1.00, 100 for \$2.85; varieties that have sold as high as \$1.49 per dozen, now all at this one price in this Great Clearance Sale. You will be delighted with these Gladiolus and mighty proud to have them in your flower garden. The price is a "Clean-Up Special" indeed, but, remember, the supply is limited, so delay may mean disappointment. Better order NOW.

### Golden Yellow

This is one of the gayest and most beautiful of all the hardy Perennials. With its rich golden yellow flower, it is a mass of gorgeous bloom from June to October, and produces dozens of flowers on a single plant. A dozen Coreopsis will bring more color to the garden than any other one plant, and planted with Delphinium the contrasting colors, the yellow of the Coreopsis and the blue of the Delphinium turns the garden into a veritable bouquet. Coreopsis surely provides both quantity and quality. You should have at least a dozen or more in your garden and to insure that you have them, we have specially priced our fine, two-year-old plants.

## BEAUTIFUL Hardy PHLOX

Beautiful Hardy Phlox have been greatly improved of late years. They are much larger, more abundant and more brilliant, while the stalks have been greatly shortened, producing a flower which is truly dazzling in its display of gorgeous colors, in all shades, from early July until frost.

Selection of Phlox as our national flower is being generally advocated on account of its colors in which there are good reds, whites and blues, and because it is almost exclusively an American bloom.

We have a wonderful stock of fine, big, husky Phlox, two-year-old in a choice mixture of the most brilliant colors, and to dispose of one block of these fine plants, we have priced them particularly low. At this price you should order Phlox in quantities and have a wonderful display of these gorgeous flowers.

## KEIZERSKROON

Keizerskroons are the most outstanding of the Single Early Tulips. A brilliant red with wide yellow borders, Keizerskroons command instant attention in your Tulip garden and deservedly so. They are simply gorgeous poised on their long, straight stems, and offer a color combination that no other Tulip can equal. You have surely seen and admired this king of the Single Tulips and now during our Pre-season Bulb Sale is the time to send us your order. Order fifty or so of the Keizerskroons, plant them in a bed or border along your walk and they will be the high lights of your garden next Spring.

**12 for only \$1.00**

## EARLY SINGLE TULIPS

With so many kinds and types of Tulips on the market today it is difficult for the amateur to know just what varieties would be most advantageous. Of the early flowering varieties, the Early Single Tulips are the most satisfactory as they bloom on longer stems than do the very earliest Tulips and the variety of colors and shades are unlimited, ranging from pure white and delicate yellow to all shades of lavender, purple, old rose and orange. By buying Early Single Tulips in a mixture such as we offer you can have a bed or border that in itself will be a gorgeous symbol of "Spring personified." Because of our enormous importations we are able to offer you the finest Dutch bulbs in a choice assortment of varieties at the lowest possible cost. If bargain hunting is your hobby, better send in your order today to be sure your order will be filled.

## Sometimes the Most Beautiful Floral Effects

are obtainable by an informal planting without any attempt to arrange colors in a formal effect. This is Nature's way. Go out into the woods and you will find the wild flowers blooming here and there with no attempt at arrangement of colors and apparently in a very haphazard but a very beautiful manner. You can obtain this same careless but charming effect in a large bed or border of gorgeous Darwin Tulips by planting Darwins in assorted colors.

The fame of our Darwin Tulip Mixture has increased year after year. Every year we double our importations and every year we are sold out and unable to fill late orders. This year we have again greatly increased our importations of Mixed Darwins. The assortment of colors and varieties is unusually fine. We hope to be able to fill every order that comes in but with the Darwins becoming more popular and generally planted every year, along with our ever increasing reputation of supplying the highest grade bulbs at the lowest possible prices, we cannot guarantee your order will be filled unless you send it in immediately.

Growing on tall, straight stems and blooming in a hundred different shades and colors, it is hard to imagine a more beautiful Tulip display than that of a large bed or border in a mixture of all the gorgeous colors in which Darwins are grown. Be sure to have such a bed or border in bloom next Spring. Order in quantities and early.

## REMBRANDT

Rembrandt Tulips, or "recitified" Darwins are particularly beautiful as they combine the clear, solid shades of the Darwins with fantastic stripes and blotches of white, making a very unusual and desirable Tulip, especially for border plantings. Rembrandts, like the Darwins, are long-stemmed, erect and queenly and indeed present a marvelous sight as they toss and sway in the warm April breezes. Your bulb order will not be complete without a few dozen of the beautiful variegated Rembrandts and if you would be sure of your order we advise that you send it in immediately as our supply of these bulbs is limited.

**12 for \$1.00 \$7.50 per 100**

## EARLY DOUBLE TULIPS

With your order for Early Single Tulips we strongly urge that you send in a large order for Early Double Tulips. Although the Single Tulips offer a wider color range, the Double Tulips produce enormous flowers that are very showy and colorful. Early Double Tulips are particularly valuable because of their lasting qualities and their ability to withstand inclement weather. Our assortment is specially prepared and includes all of the best and most satisfactory varieties. For a particularly beautiful and showy combination we suggest that you plant Early Single and Double Tulips together, using the Double Tulips for a wide border around the Single varieties. We have ordered thousands of these Tulips, but every year the demand greatly exceeds the supply and if you would be sure of receiving your bulbs, send in your order today.

## Make Your \$\$ See Double

### GOLDEN BRONZE

An unusual and startlingly beautiful yellow variety. The color is a lovely bronze yellow edged and shaded golden yellow. A charming contrast of yellow shades. Charming, distinctive, a variety that will stand out and attract attention in any Tulip bed or border.

**10 for \$1.00—\$9.75 per 100**

### LA TULIPE NOIRE

If you are looking for something odd and unusual—if you want the distinctively different—you have it in this graceful Darwin, La Tulipe Noire. As a background for a bed of Tulips, these velvety maroon black Darwins add the final touch to the picture, serving to accentuate and emphasize the brilliant hues of the other flowers. Planted by themselves La Tulipe Noire present a very beautiful and outstanding appearance. In this folder, we are pricing these bulbs so that they are within the reach of everyone. Be sure your order includes a goodly number of the Famous Black Tulip.

**10 for \$1.00—\$9.75 per 100**

### LOUIS XIV

Louis XIV is considered the most wonderful of all the Tulips, its large, solid shaped flower is of a bluish purple with golden brown margins and lustrous bronze. Handsome, elegant, and a startling variety. This variety has been scarce and very high in price, but we have been able to secure a limited quantity to sell at one-half usual prices. Be sure to order at least a dozen of this most wonderful of all Tulips, Louis XIV.

**10 for \$1.00—\$9.75 per 100**

### AFTERGLOW

A large Tulip of very unusual color. Deep orange suffused with salmon and salmon edge carried on a tall, stately stem. It never fails to attract attention and admiration.

**10 for \$1.00—\$9.75 per 100**

### YELLOW QUEEN

This is considered the best and is the most popular of all the yellow Tulips and is used by the millions in all parts of the world.

**10 for \$1.00—\$7.85 per 100**

### CLARA BUTT

The exquisite salmon pink color of this large Tulip is always greatly admired, as the bright pink is accentuated by the paler edges and white base. It is one of the most popular varieties, both for bedding outdoors and for forcing indoors. You can make no mistake in ordering the Clara Butt.

**10 for \$1.00—\$7.85 per 100**

### BARTIGON

Bartigon, the fiery crimson scarlet Darwin Tulip, can literally be seen for miles because of its flaming color. It is large, showy, and distinctive. The outstanding and most popular of all the red Darwins.

**10 for \$1.00—\$7.85 per 100**

This heading tells the whole story. Order your Dutch Bulbs now so we may place our complete order with our Holland growers in advance of shipping time to secure important price concessions, and with every dollar's worth you order, you may choose another dollar's worth absolutely free, truly making your dollar "see double."

There are no strings to this great offer—no catch. Just make your selections from this page, then choose an equal amount to be included with your order absolutely free. Double value, dollar for dollar, no matter how small or how large, whether \$1.00, \$100.00, or \$1,000.00. The offer is the same—one dollar's worth FREE with every dollar's worth ordered.

The bulbs are the production of one of the foremost Holland growers, and as the English say, are "top hole," and guaranteed to please and delight you, under an iron-clad guarantee that if the bulbs do not more than meet your expectations they may be immediately returned and your money will be refunded without "question or quibble."

You won't equal this offer in a thousand years, so why not sit down right now, figure what bulbs you will want to plant this Fall and send in your complete order at once. Remember, the dead line is Aug. 15th and as all orders are filled in the rotation in which they are received, we would suggest that to insure early delivery of your bulbs, as well as to secure your bulbs at full price, that you order at once the moment you receive this folder.

This FREE OFFER applies only to the DUTCH BULBS listed on this page, not to the other offers in this folder.

## One \$ Now Is Worth Two In the FALL

### BREEDER TULIPS

Blooming late in the Spring, these famous old Dutch Breeders, like the Darwins, grow on tall, straight stems, but their coloring sets them entirely apart from any other variety of Tulip—royal purple and gold; terra cotta and buff; bronze, maroon—all colors denoting luxury and wealth. The blooms, too, of the Breeders are immense in size, giving them added prominence in your garden. Planted with the clear, brightly colored Darwins, the contrast is without comparison.

**15 for \$1.00—\$5.85 per 100**

### COTTAGE TULIPS

As with the Darwin and Breeder types, the classification of Cottage Tulips is by race and history rather than any striking difference in appearance. This type is inclined to have pointed petals, sometimes turned back, and the blossom to be smaller and more slender. But they harmonize perfectly with the Darwins and Breeders, and supply a quality of clear, bright color which these lack; while they have pure yellows not found in others. Every known shade is to be found among these, from deepest crimson to bright red, orange, glorious yellows, pink and a host of delicate tints of yellow, pink cream and heliotrope. They blossom a few days later than the Darwins, often carrying the flowering end of Spring bulbs into the early days of June, especially if planted in a shady position.

**15 for \$1.00—\$5.85 per 100**

### PEONY TULIPS

This is one of the rare and little advertised varieties; you will find it listed in few catalogs, but you should surely add this wonderful variety to your collection of Tulips. It derives its name, Peony Tulip, from the fact that it is enormous in size, resembling a Peony more than a Tulip and blooming in brilliant reds and yellows. For making a gorgeous display Peony Tulips are unsurpassed and can be equaled in no other variety.

**12 for \$1.00—\$7.85 per 100**

### RAINBOW TULIPS

The Rainbow Tulip, resembling the Darwin, having the same enormous blooms borne on the same long, stately stems, but originated and developed exclusively by our Holland growers, and includes many colors and combinations of colors not ordinarily found in the Darwin Tulip. The outstanding beauty and wide range of color of the Rainbow Tulip will be the wonder and admiration of your friends and the outstanding feature of your Tulip collection. Specially priced for this season.

**15 for \$1.00—\$5.85 per 100**

### PARROT TULIPS

The Parrot Tulip—gorgeous, bizarre, fantastic. A Tulip that will attract added attention, something that everyone does not have. Gorgeously and extreme in their feathery shapes and brilliant colors. They are variously horned, toothed, twisted and waved, incurved and flattened out like a star. Their very oddity adds to their beauty and attractiveness. If you wish something distinctive, unusual and out of the ordinary, order and plant Parrot Tulips.

## GIANT CROCUS

Nothing is more cheering or full of promise after the lone, dull, drab days of Winter than the first bright Crocus peeping through the still remaining snow, displaying their beautiful flowers in all the colors and shades of the rainbow. You can't have too many of these lovely little harbingers of Spring and planted in your lawn or in your rock garden in scattered groups and clusters they make a very attractive and carefree appearance. If you do not mow your lawn before May, after the small leaves have withered, these beautiful flowers will come up year after year and require no attention or cultivation.

**20 for \$1.00 100 only \$4.75**

## SNOWDROPS

The earliest flower of Spring, blooming as they do before the snow is all gone, they are a beautiful sight. Pure white, the flowers are graceful and long lasting. Planted in groups they are charming; or planted with Crocus and Grape-hyacinths their pure white flower contrasts wonderfully with the bright colors of the Crocus and the deep blues of the Grape-hyacinths.

**12 for \$1.00 \$7.50 per 100**

## GRAPE - HYACINTHS

For naturalizing in your lawn, the Grape-hyacinths are delightful. These little blue and purple flowers, blooming in clusters on stems about 1 inches in height, resemble a miniature inverted bunch of grapes from which they derive their name. Dotted all over the lawn they vie with the Crocus in adding cheer and warmth to your home. Be sure to plant Grape-hyacinths this Fall—an ideal plant for the rock garden.

**20 for \$1.00 \$4.85 per 100**

## CHIONODOXA

Commonly called "Glory-of-the-snow," it is one of the loveliest of our Spring flowers, coming into flower soon after the snow is gone. Once established it needs no care, and its sheets of light, sky blue in very early Spring are a great attraction in borders, dotted over bulb beds, or massed in rock gardens.

**15 for \$1.00 \$5.85 per 100**

## HYACINTHS IN MIXTURE... Gala Color Array

If you do not wish to carry out any particular color scheme but would like to have a large planting of Hyacinths—a bed or border of flowers next Spring that will present a gala array of colors—you should by all means order Bedding Hyacinths. Every bulb is guaranteed to be blooming size and for a large, colorful planting they are just the thing.

Very reasonably priced indeed, no higher than last year, although the cost in Holland is higher, the duty is higher and the price we ask should be, but we have cut our profit to almost nothing to keep them reasonably priced.

**\$1.75 per dozen \$12.50 per 100**

### In Separate Colors

Large beds of Hyacinths planted either solidly in one shade of color, or in formal arrangements of separate colors, are very impressive and add wonderfully to the enlightenment of Spring lawns and garden views. These bulbs differ in no way from our first size named sorts, and will give splendid satisfaction. All sure bloomers. Specially priced for bedding purposes.

**PINK BLUE PURE WHITE  
10 for \$1.75 100 Only \$15.00**

## Fine Named HYACINTHS

Our Hyacinth bulbs are the very cream of the stock grown by our specialists in Holland, and are guaranteed to be large, solid, healthy bulbs, which will be sure to bloom profusely for you next Spring and fill your garden with a long side of the glory of the coming Summer. The varieties here listed are the very best of all the long list produced in Holland, selected with scrupulous care with the desire to offer our friends the very best of their kind and are especially recommended for indoor flowering. For best results indoors, plant in pots or boxes using ordinary garden soil, any time from September to February. Plant about 2 inches deep. Water thoroughly and put away in a dark, cool place until signs of growth commence, then bring into the light and heat. For holiday blooming, pot early in September, and for a succession of bloom, plant at intervals of about two weeks. To grow in water, place the bulbs in glasses and fill with clean water; leave them in a dark, cool place until the glass is well filled with roots, then bring to light.

**Gertrude.** Deep pink; excellent spike, one of the leaders.  
**L'Innocence.** Pure white, larger, the leading white variety.  
**Grand Maline.** Deep lavender blue, extra large, shaded dark blue.  
**Yellow Hammer.** Golden yellow; fine spike and bells; considered the best variety of this color.  
**Lord Ballour.** Lilac rose, dark tinged violet, enormous fruss, very early; the best for exhibition purposes.

**Each 35c. \$2.75 per dozen**

## HARDY NARCISSUS, or "DAFFODILS"

Your Spring bulb order is not complete without several dozen of the stately hardy Narcissus. They can be used in so many ways—for naturalizing in the woods, for borders along the garden paths, for beds or potting indoors.

Because of the action of the Federal Horticultural Board in embargoing hardy Narcissus, they are of course higher than the bulbs formerly imported from Holland as we cannot possibly compete with foreign countries in cheap labor, but our bulbs are equally as fine as those imported and you should surely not be without them. Be sure to plant hardy Narcissus this Fall.

The Japanese Iris are truly "wonderful." They combine the stateliness of the Lily; the majestic beauty of the Peony, opening into flowers 6 to 10 inches in diameter; the delicacy in coloring of the Orchid, pure white, lavender, pink, dark purple, maroon, violet and plum; the Chrysanthemum in profusion of bloom, one large clump often producing as many as thirty-five to forty bloom stalks; and are truly kingly in their magnificence. This description may possibly give you a faint idea

of the wonders of the Japanese Iris in the garden, but you will have to call on your own imagination to picture their beauty as a cut flower in your home where they will keep from a week to ten days coming out as do the Gladiolus until each bud has opened. No garden is up-to-date without these exquisite Japanese Iris. At this special price you may have both the Marvelous Japanese Iris and the Newer Garden Iris. Plant liberally of both.
